

Manage Your Budget with Smarter eDiscovery Techniques

eDiscovery Costs have Skyrocketed in the Past Decade

A Trend with No End in Sight

Factors contributing to the ever-increasing cost of eDiscovery:

- Rising data volumes
- Ever-emerging data types
- "Collect everything, filter later" mentality
- Industry that thrives on data growth
- Meteoric rise in eDiscovery disputes
- eDiscovery used as a weapon
- Inflationary pressures

Discover the Innovative Solutions that Reverse this Trend

Prism Litigation Technology, Insight Optix, and X1 have partnered to bring you a new experience in eDiscovery that protects your budget and reduces risk.

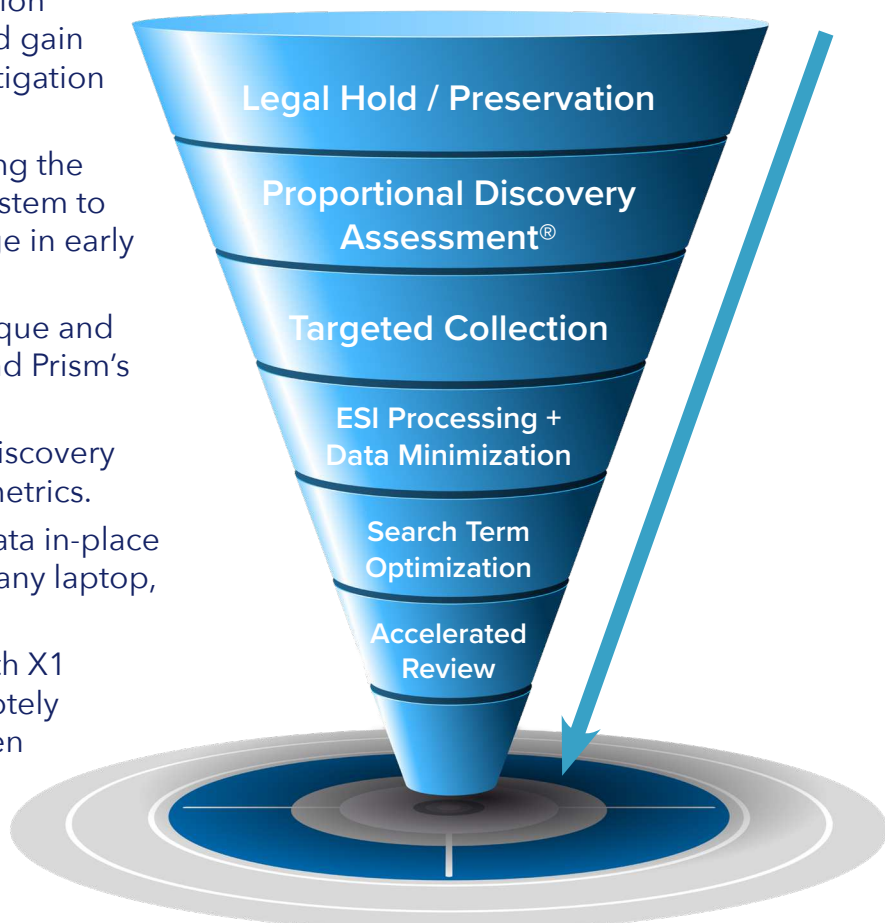

Experience Multiple Layers of Precision to Combat Exponential Data Volumes

- End overcollection of data, reducing costs by 25-50%
- Gain early intelligence and power over your data
- Defensibly eliminate unnecessary risk

Finally, a Modern Workflow to Accomplish More with Less

An eDiscovery solution that gives you the power to:

- **Leverage** the Prism Periscope data-reduction strategy to defensibly reduce volumes and gain actionable insights at every stage of the litigation lifecycle.
- **Evaluate** custodians and data sources using the Evidence Optix® (EO) strategic ranking system to target key evidence and gain an advantage in early and iterative discovery scoping.
- **Quickly identify** relevant ESI with X1's unique and proprietary search-in-place technology and Prism's search term optimization process.
- **Negotiate** reasonable and proportional discovery plans using EO's heat map, reports, and metrics.
- **Iteratively search, then collect** targeted data in-place rapidly with X1 Enterprise Collect™ from any laptop, desktop, file share, or email.
- **Streamline** the data collection process with X1 Enterprise Collect™ by securely and remotely collecting only the data you need, and then seamlessly exporting to review.
- **Utilize** EO's dashboard to track data sources and centrally document all attorney decisions for a holistic strategy.

Efficient. Targeted. Defensible.
